RE:

" Oh, there is no question that the system has worked against black and brown communities for way too long. You just talked about something 50 years ago; it still exists today. It's present today. We have to address it today. It's not over. The oppression, the discrimination - it's not over. There's no doubt about it.

And that's why, again, all of us - white politicians and people of color who serve in elected office - need to stand up and do the right thing." ~ NPR's Steve Inskeep talks to Gov. J.B. Pritzker about civil unrest in Illinois (06-01-2020).

"Real change, structural change comes from protest paired with policy," . ~ J.B. Pritzker (06-2020)

"But remember, the values of Illinois are somewhat unique. And we're a state that produced Abraham Lincoln, right? We're the land of Lincoln. We're the land of Barack Obama, the land of Ulysses S. Grant. And the fact is that our state has the ability to overcome this. And all of us, including the mayor of the city of Chicago and so many leaders, are in fact standing up and speaking out. Governor Pritzker,

You are hereby made known of Misprision of Treason committed by Illinois Judges who have ignored their oaths, Laws and concealed crimes committed.

18 U.S. Code § 2382. Misprision of treason

Whoever, owing allegiance to the United States and having knowledge of the commission of any treason against them, conceals and does not, as soon as may be, disclose and make known the same to the President or to some judge of the United States, or to the governor or to some judge or justice of a particular State, is guilty of misprision of treason and shall be fined under this title or imprisoned not more than seven years, or both.

January 19, 2019, I wrote a sincere letter, (sent registered mail) to you about the institutional oppression and slavery, constitutional oaths actively violated by Judges of this state and other outright violations of law. I am here to say now that I have proof in the official record, for any person to see these violations.

My question to you and the Judicial Board of this state (cc'd) , **What are you going to do today about Judges committing treason upon Black and Brown People of Illinois?**

NOTICE TO PRINCIPAL IS NOTICE TO AGENT - - NOTICE TO AGENT IS NOTICE TO PRINCIPAL

Governor Pritzker, with all due respect to you sir, I now ask you to be a man of your presumed character as Governor with authority to see that this matter is resolved for the Black, Brown and ALL People of this state who are being oppressed by dishonorable Judges, officers of the courts, in addition to, the misconduct of Police Officers in this state.

On May 18th of this year, the Third Appellate court denied proper review of my appeal that revealed issues regarding my constitutional right to give or deny consent to my government as well as to do its duty to honorably review the merits and/or plain errors presented in my briefs. I am left with the reality that the Judges in the Third Appellate Court knowingly concealed crimes committed by Judge Jarz of the Will County Courthouse, who refused my documents arguing that they "are not cognizable" by the court, when they are understandably written. These Judges have denied my voice, denied obvious truths in the official record, and denied me justice. This the oppression.

Governor Prizker,

It is in the official record that Will County Circuit Judge Jarz stated, " You are presumed not innocent" [in his court] to a pro se defendant.

It is in the official record that Judge Jarz himself admitted to violating his oath to the Illinois constitution, Article 1 Section 1 of the Illinois Constitution and my right to 'give" consent.

It is in the official record Judge Jarz allowed false testimony of a person impersonating a County Sheriff giving false testimony to my arrest. A F.O.I.A. affidavit proves no such sheriff ever existed with the Will County County Sheriff Department.

It is in the official record the Court allowed false testimony from a Court officer where it is proven that he did not personally witness actions he testified to.

It is in the official record the Third Appellate Court displayed its unconscious biases by acquiescence and accession to the State Attorney's beliefs that the Emancipation Proclamation and Executive Order of former President and Illinoisan Abraham Lincoln, - "have no basis in law or fact".

The Third Appellate Court denied to review my brief on the merits, and denied to review "plain errors" of mis-applications of legal principles and Law which can be observed in the record.

This is all in the record, in plain view, even a caveman can see it.

Governor Pritzker, the reason why I quoted you during a recent interview with NPR is because I want to know, -Are you going to "stand up" and "do the right thing" today?

HERE, I am standing up and providing you with undeniable proof that is available to the public and for anyone to verify. That YES- The system has worked against Black and Brown communities for way too long, and -YES, -There is oppression and discrimination that has been happening for way too long, and YES- It is present today.

My case is a glaring example of this Treason. It is Treason!

You see, I am asking myself, why would I, or should I, or anyone else, vote in a system that defies all of its written promises to its People and deny my existence? Why would I vote for a government who denies

NOTICE TO PRINCIPAL IS NOTICE TO AGENT - - NOTICE TO AGENT IS NOTICE TO PRINCIPAL

my voice and its written Laws to serve me? Why would I vote in a system that will undoubtedly continue with oppression through willful neglect? Does that sound like actions of a mentally sane person to you?

Maybe that's the goal of state officials collectively? To oppress its People under the "color of law".

If you or the Judicial Board fail to correct this during this turbulent time I am left with the reality that my voice, nor my vote counts for anything. **Do Black Rights Matter, Mr. Pritzker?** Do you agree with the Judge's that I am "presumed not innocent" [sic] in a court of Law? Or would you rather wave your hands, stick your head in the sand of the current theme of "police brutality" so as to not get involved with current judicial misconduct?

I want to know what are you going to do about it? I need to know if I should vote in any state government election that does not follow its written promise to its people.

That is why I demand your response and actions Today !!

It is not just the police that oppress, as you have said yourself, "that the system has worked against black and brown communities for way too long". So what are you going to do about it today?

In that January letter I sent to you, I forwarned you that this state has institutionized slavery under color of law. It is not just the misconduct of Police officers of our state that has worked against Black and Brown communities, it is also the Judicial system that is working against Black and Brown communities. **READ THE RECORD!**

What started all of this? What am I talking about? It is all in the court record. Are you going to read it? Or turn a blind eye to the gross negligence of State Judges under your watch? To turn a blinds eye is proof to me of your complicity and willful ignorance and destruction of Black and Brown lives, no matter.

Time is of the essence Governor, I need to know you're not complicit.

On June 11th I will be submitting my formal complaint of these 5 Judges to the Illinois Judicial Board, which includes the Appellate Judges who concealed a crime committed by Judge Jarz. I herein provided a cd containing a copy of my complaint as well as copies of the official record to substantiate my claims. It is all in the official record.

The problem is, everyone appears to be avoiding the facts in the record at my expense!

The question now becomes, -Are you going to do the same?

Sincerely, *Edward Hambrick-Day 6-12-2020*
